November 11, 2005

Dear DAMA-Midsouth,

Welcome to DAMA International, the Premier Organization for Data Professionals! DAMA-Midsouth joins over 40 existing chapters with world-wide membership. You are to be congratulated on achieving the critical mass necessary to initiate a chapter. Many thanks to Mark Gillenson and the rest of the board for their work initiating this effort.

As you move into the future, we expect you will enjoy the benefits that DAMA membership brings, including networking with data professionals in the Midsouth region and around the world, discounted access to DAMA International events and speakers, on-going chapter support and marketing, and the distinction that comes with the DAMA logo and name.

We wish you success in this effort and look forward to engaging your members more fully in the operations of DAMA International, including attendance at Chapter President's meetings and involvement in the DAMA-I board of directors and committees.

Congratulations and best wishes!

Sincerely,

Larry Dziedzic
President
DAMA International
